Career Objective

To aspire a challenging career in this technology to prove my technical potential and domain expertise and hence work towards the growth of the organization.

Professional Summary

- ✓ An IT professional with over 7.2 years of Outstanding **Core Java/ J2EE** experience to provide advanced technology that boost productivity and efficiency to the organization.
At present working in **DATAMATICS GLOBAL SERVICES LTD**
- ✓ Extensive server-side web application programming experience using agile and waterfall development techniques that required of Struts **MVC**, Hibernate and Spring web application frameworks.
- ✓ Very Sturdy in Object Oriented Programming (**OOP**) and Java Enterprise and usage of well-known Java **IDE** like Eclipse, NetBeans and Myeclipse, JBOSS Developer Studio.
- ✓ Experience in J2EE Technologies (**JSP, Servlets, POJO's, MVC, ORM, XML**);
- ✓ Experience in RDBMS technologies like **Oracle9i&12C** using **PL/SQL & Mysql5** using routines.
- ✓ Experience in **XML, Web Services** using **SOAP, XML-RPC, JAX-RPC, JAXB** and **Restful**.
- ✓ Experience in generating reports using iText 5.3, iReport 4 and Crystal Report 8,POI.
- ✓ Having experience in **log4j** for logging and the version controls like **SVN, GitHub**.
- ✓ Demonstrated success in increasing efficiency, able to learn new technologies, Flexible to work independently, with in time constraints and optimizing access.
- ✓ Recognized as a good decision maker in difficult situations and resolve the challenging technical issues.

Academic Chronicle

2003-2007	B.E-Bachelor of Engineering (Computer Science and Engineering)
University	Anna University
Marks %	70

2002-2003	Higher Secondary Course
Board	State Board
Marks %	60

2000-2001	Secondary Course Studied in Govt. Higher Secondary School, Periyakulam
Board	State Board
Marks %	78.8

Technical Skills

- Programming Languages : Java ,PL/SQL
- Server Side Programming : JSP, Servlet, JMS and Web Services[Restful,SOAP]
- Framework : Struts 1 & 2, Spring 3x & 4x,Hibernate 3x & 4x
- Client Side Programming : HTML5,CSS3,JavaScript,AJAX,JQuery,JSON,AngularJs
- RDBMS : Oracle 9i& 12c,Oracle XE, MySQL 5
- Web / Application Server : Apache Tomcat 7 and 8 / JBoss AS7, WildFly 10 :
- Infrastructure Tools : Eclipse, Myeclipse 9, Net Beans, Toad 8, Jboss Developer Studio, Oracle Sql developer, Spring Tool Suite STS
- Version Control : Tortoise SVN,GITHUB
- Methodologies : Agile & Waterfall
- Other Tool : Jenkins 1.5, JIRA v7.4, SonarQube v4.0, Bitbucket

Professional Experience

- Now, working as a Consultant in **DATAMATICS GLOBAL SERVICES LTD** from Jul'17
- Worked as a Senior Software Engineer in Infodew SoftTech, Theni from Apr'15 to Jul'17
- Worked as a Senior Software Engineer in Wisdom Asset Promoters public Ltd, Madurai from Apr'12 to Feb'15.
- Worked as a Software Engineer in Wisdom Agro Tech public Ltd, Madurai [Sep'10 to Mar'12]
- Worked as Trainer in TCEDS Computer Education , Theni, for 1 1/2 years.
- Worked as Trainer in SRM InfoTech, Theni, for 1 Year 5 months.
- Worked as Trainer in Bit Computer Academy, Theni, for 7 months.

Project Profile

Project Title : VMT EHCOE [Electronic Hardware Center Of Excellence]

Company : Datamatics Global Service Ltd

Client : Honeywell Technology Solution Lab P.Ltd.

Environments: Struts 1.2,&2,Oracle9i&12c, Jquery 2.3,Angular JS,bootstrap3.3,Spring MVC 4, Hibernate 4,Jboss EAP 6.4, Jboss Developer Studio.

The Visual Management Tool project will be developed for EHCOE. The VMT tool will be used by EHCOE Management for day-to-day project oversight. The tool will provide visual indicators of rework, expected or missed key milestones, risks in meeting milestones, rework loops, program metrics, actual staffing and other project tracking data.It will display measures for how well projects are performing and allow for easy identification of any anomalies.

Role and Responsibilities

- ❖ Involved in analysis, design, implementation and deployment of software development life-cycle (SDLC) of the project using Agile Methodology.
- ❖ Worked in writing functions and **stored procedures**.
- ❖ Involved in Migration Struts 1.2 to Struts2 and spring MVC and hibernate.
- ❖ Involved in Jboss Migration and Oracle 9i to Oracle12c migration.
- ❖ Involved in generate the Excel reports using Apache POI.
- ❖ Implemented **Hibernate** with **XML** based support of **Spring Framework**.

- ❖ Used **spring framework for dependency injection** with the help of Spring Configuration files and Security Management.
- ❖ Involved in resolving the bugs and issues

Project Title IDSCapitalPro **Client** First Bharath Capital
Company Infodewsoft Tech
Environments **Spring Boot &** Spring MVC, Hibernate 4,Mysql5.7, AngularJS 1.5 & JBOSS , Wildfly 10.0, Tomcat 8, REST Web Services

The objective of IDSCapitalPro is to provide the facility to the investor fund in better manner to invest the amount in share trading and get the amount to give the investor through the agreement and the rate of interest is vary from one plan to another. The project is an automation of Enterprise Process and their related flow of business model implementation fully online with flexible branch extensibility.

Role and Responsibilities

- ❖ Involved in analysis, design, implementation and deployment of full software development life-cycle (SDLC) of the project using Agile Methodology.
- ❖ Worked in database schema design, writing functions and **stored procedures**.
- ❖ Used **spring framework for dependency injection** with the help of Spring Configuration files and Security Management.
- ❖ Wrote Web-services to expose the business methods to external services.
- ❖ Wrote Custom directives, Services and updated ui with JSON data returning from services using Anguls JS
- ❖ Involved in generate the reports using iText API & iReport 4.
- ❖ Worked in **log4j** for logging the messages in the application.
- ❖ Involved in resolving the bugs and issues reported by the clients.

Project Title : RealBuildersPro
Company : Infodewsoft Tech
Environments : Java, Spring MVC 4, Hibernate 4, Mysql 5.7, AngularJS 1.5 & JBOSS

The System is to provide builders [construct and reconstruct for commercial & residential building] cost monitoring Entire business flow activities is computerized. This is Customized project as per client requirements. This is an Intranet Web Based Application and Modules such as Project Management, Sub contract Management, Procure Management, Account Management, Report, User Management.

Role and Responsibilities

- ❖ Actively involved in gathering user requirements and Analysis for few modules.
- ❖ Implemented REST Web Services for other applications to communicate.
- ❖ Involved in in database schema design and writing functions, **stored procedures**.
- ❖ The development modules are sub contract and Procurement Management, Report.
- ❖ Designed, developed and maintained the data layer using the **Hibernate**.
- ❖ Involved in development modules are Payroll, User Management & SMS API Integration.
- ❖ Helped QA team for writing full coverage test cases.
- ❖ Maintained the developed source code module using the Tortoise Version Control.

Project Title : WIS-MIFIN - version 1 & 2
Company : WISDOM AGRO TECH INDIA, Public Ltd, [Sep '10 - Mar '12]
WISDOM ASSET PROMOTERS INDIA, Public Ltd [Apr '12 - Jun '15]
Environment : Core Java1.6, Struts2, JQuery2.34, Hibernate3.3, Oracle 9i, Myeclipse 9.0
JBoss AS7, Toad 8, Oracle SQL Developer

The project is one of the microfinance application types are FD/RD (fixed deposit / regular deposit) and collect an amount from customer through Agent, Maturity for their customer deposit and the rate of interest is vary from one plan to another. It is featured enterprise software. The project is an automation of Entire Business Process and their related flow of business model implementation fully online with flexible branch extensibility which means perfect client server architecture. The Next Level Project is integrated the maturity for the customer instead of Property purchase, and Loan facilities for employee and Agent.

Role and Responsibilities

- ❖ Actively involved in gathering user requirements and Analysis and implementation.
- ❖ Involved in installing and configuring Eclipse, Maven and Tortoise Version Control.
- ❖ Applied Agile methodologies for software development.
- ❖ Developed Stored Procedures and functions in Oracle Database.
- ❖ Involved in development of web application and configure the application using struts configuration file and integration for front-end request action controller and Tiles.
- ❖ Roles-based security for viewing content, editing content.
- ❖ Involved in form Validation using JQuery.
- ❖ Designed, developed and maintained the data layer using the **Hibernate**.
- ❖ Involved in generate the reports using iText API & iReport 4.
- ❖ Worked in **log4j** for logging the messages in the application.
- ❖ Worked in functional team to resolve client's issues and to deliver the client's requirements to the technical team.
- ❖ Worked with cross functional teams for better understanding of the domain.

Personal Details

Name	:	Irsath Ahamed S
Father's Name	:	Sultan Mandiri. N
Date of Birth	:	14 th March 1986
Gender	:	Male
Marital status	:	Married
Pan No	:	ABOPI8361D
Address	:	No:3-1-37/41 Amman Nagar, P.C Patti, Theni-625531.

Place :

Yours Truly,

Date :

(**Irsath Ahamed S**)
