## OBJECTIVE

In search of an opportunity to enhance my skills and utilize my knowledge in logistic execution, warehouse management and sales and distribution for achieving the target. I would like to implement my ideas, skills and creativity for accomplishing the goals of projects in the organization.

## WORK EXPERIENCE

*(March 2018 – Present)*

About Project:

Sun Chemical is the world's largest producer of printing inks and pigments and is in Parsippany-Troy Hills, New Jersey. The goal of the project is to work for the roll outs which includes creation/ enhancements of the RICEF and support the business in everyday activity for the smooth flow of business processes.

Roles:

- Given the functional specifications for various enhancement tickets based on the business requirements.
- Started with solving Sev4 incidents from the customers via IT Service Manager (Service Now Tool) and then graduated to work on several critical and complex Sev5 enhancements and upgrades independently.
- Worked on Logistics Execution (LE) functions like STO configuration, delivery processing (outbound and inbound deliveries), picking, packing, transportation, handling units, various goods movements like goods issue, goods receipt and other movements like reversals & general goods movements posting, ARM configuration, batch determination configuration, totes, transfer orders. Also worked on processes like ICC process.
- Worked on configuration of warehouse management architecture – warehouse structure in WM system, basic stock management, warehouse movements, put-away and stock removal strategies, storage unit and storage type, configuration of decentralized warehouse system. Also worked on various reports.
- Worked on EDI outputs configurations, various interfaces and message transmission through IDOCs.
- Worked on LSMW which helps to improve the performance and reduced manual work.
- Worked on few small projects below:
  - Deregulation Project – Adding logic to identify whether the material is hazardous material based on UoM and function module
  - P00345 Project – Updated the Handling unit logic based on packing in delivery and shipment
  - HUB Project – Configuration of decentralized warehouse system and message transmission based on Idoc's (inbound and outbound interface)

## HOBBIES & INTERESTS

- Travelling and Exploring
- Drawing and Painting
- Photography
- Music
- Dance

## LANGUAGES

- English
- Hindi
- Gujarati
- Marathi

- Currently working on ongoing BCE project which includes full end to end configuration and integration of LE-WM modules.

### Responsibilities:

- Creating/implementing the approved FD and organizational structure configurations for multiple roll outs.
- The goal of the project is to implement changes, enhancements and resolving issues related to shipping, warehouse and transportation within stipulated time/SLA date.
- Interacting with clients to identify pain areas/requirements and proposing adequate/effective solutions.
- Proposed ideas to the client that has increased the reputation of Accenture to the Client and saved cost/man hours to the Client.
- Conducted knowledge transfer and groomed new joiners in the team. Also supervised the work of new joiners and have done documentation of enhancement tickets for better understanding in future.
- Managed team and was actively present in the absence of TL which was appreciated.

### SAP Competencies:

- Comprehensive understanding of SAP's customizing toolset.
- Configuration skills in SAP LE & WM (Logistic Execution & Warehouse Management) module.
- TestRail Test experience: Unit testing, Functional testing, Integration & Regression testing which involves various enhancements and customized output type forms. When testing is failed it pushes defect in Jira as it is linked with Testrail.
- Provided support during UAT in roll outs.

## EDUCATION & QUALIFICATION

- Completed my BTech in Information Technology from Mukesh Patel School of Technology Management and Engineering, NMIMS University, Vile Parle, Mumbai with 2.79/4.0 CGPA in 2017.
- Completed HSC from K.J Somaiya College of Science and Commerce, Vidhyavihar, Mumbai with 63.67% in 2013.
- Completed SSC from NMWS High School, Ghatkopar, Mumbai with 86% in 2011.
