- Expertise in **.NET 4.0/4.5/4.6.2, ASP.NET MVC, .NET Core, Web API, C#, LINQ, ADO.NET, Entity Framework, WPF, Design Principles, OOPS, SOLID** principles.
- Extensive experience in design and development of Web applications using technologies like **jQuery, Ajax, JavaScript, Angular JS, Angular 2, HTML, CSS**.
- Having good experience on **SQL** concepts like Tables, Constraints, Temporary tables, Sub Queries, Joins, Stored Procedures, Cursors, Views and Functions.
- Experience in Unit test writing using mocking framework like **MOQ, MS Test**.
- Hands on experience in **Test Driven Development**.
- **Agile** certified – worked right from project initiation phase using **Planning meetings, scrums, Retrospectives** and **Demos**.
- Experience on Agile practices like **Continuous Integration**, Automated builds using TFS, Automated deployments using Jenkins, DevOps.
- Tools- Microsoft VS 2015 and 2013, VS Code, SQL Management Studio 2014 TFS.

TRAININGS & CERTIFICATIONS

- Microsoft Certified Professional: Developing Microsoft Azure Solutions (70-532).
- Developing ASP.NET MVC Application (70-486).
- Agile Certification
- Trained on ASP.Net MVC, Angular, Node JS.

TRIUMPHS

- Awarded with Avanade Orange Awards multiple times in Accenture for the quality service delivered.
- Awarded Star of the month in project.

PROFESSIONAL EXPERIENCE

Web Developer
Accenture

Dec 2015 to Present
Mumbai, India

Test Case Comparer Tool [Dec 2015 to March 2016]

Roles and Responsibilities

- Understanding requirements and implementing features using C#, WPF, MVVM, SQL.

- Designing custom controls using custom dependency properties and various templates.
- Worked and researched on key technologies like Mongo DB, No SQL DB and its integration to WPF to log application data.
- Initiated code refactoring exercise for some of the code modules to adhere to SOLID principles.
- Optimized logic to increase application performance significantly in the project and Deployment on client environment and

Web based Test Automation suite [March 2016 to Dec 2016]

Roles and Responsibilities

- Worked for a well-known client based in Chicago, US. Designed and built a web portal for Users/Testers to trigger automated Test Suites/Test Cases on remote server based on Coded UI Test Cases. Portal included user management, secure Rest API and extensively used Angular 2 for UI.
- Collaborated with windows developers of existing application to successfully migrate it to web-based application.
- Studying existing Windows application thoroughly, Database setup using Entity Framework, Implementation JWT based authorization for Rest API, Solution setup using **MVC Core** and **Angular 2**, Coding, Debugging, Deployment.
- Writing unit test cases as per the given standards.
- Awarded with Rising Star for quickly adapting to responsibilities and appreciated by client.

Resource Manager Web suite [Jan 2017 to Present]

Roles and Responsibilities

- Working for multiple clients based in US. Designed a complete Human Resource web application to manage Employee life cycle in an organization. Migrated ASP.NET web application to MVC web application.
- Created entire application from scratch and worked on ad-hoc change requests as client suggested. Application used Rest API and SQL Server as backend and jQuery, MVC as front-end UI.
- Collaborated with developers of existing application to successfully optimize and create similar content using **ASP.NET MVC**.
- Co-ordinate with the BA for understanding the requirements.
- Initial Solution setup for **MVC** and **API**, Adding JWT based authorization to API.
- **Worked on SQL** for Designing/Migrating databases, stored procedures, functions, etc.
- Code Check-in, Branching and Merging using TFS after each sprint and following automated deployment system using DevOps.
- Following **Agile SCRUM** Framework in Team, Participating in Planning, Daily Stand-up and Review meetings, Peer Code Review.
- Implementing excel upload using JavaScript, writing Stored procedures, Coding.
- Writing Unit Testing as per given standards.
- Collaboration with testers to fix issues during development phase.

EDUCATION

- **SBACHELOR IN ELECTRICAL AND ELECTRONICS ENGINEERING, VEER SURENDRA SAI UNIVERSITY OF TECHNOLOGY, BURLA, ODISHA [2011 -2015] – 8.23 CGPA**
- **CHSE, COLLEGE OF BASIC SCIENCE AND HUMANITIES, BHUBANESWAR, ODISHA [2009 - 20011] – 75%**
- **HSC, SARASWATI SHISHU VIDYA MANDIR, BARAMUNDA, BHUBANESWAR, ODISHA [2009] – 89.16%**
