WORK EXPERIENCE

Alpha Plus Technologies Pvt Ltd, Mumbai – *Software Developer*

JULY 2016 – MARCH 2020

Worked here as a full-time software developer. Following are some key things that I contributed to the organization:

- Wrote maintainable and executable code in a team environment
- Modified existing software to correct errors
- Implemented new functionalities in existing software
- Worked with other team members to plan, design and develop robust solutions
- Worked with client support team to resolve issues in software

PROJECTS

Compliance Certificate and Monitoring (CerMo+) – *Duration: 2 Years*

An end-to-end solution that takes care of the compliance of tasks, regulations, regulatory, statutory and internal policies, etc., thus helping you to keep a tab on various compliance oriented actionable to be carried out.

InstaManuals(IM+) – *Duration: 1 Year*

The one stop hub to host all the Standard Operating Procedures, Book of Instructions, Operating Manuals, in the light weight 'e-book' format with a well-structured auto-numbering feature and flexible indexing format, thus providing a completely automated compendium of the in-house Manuals!

Meet2Govern+(ME2G+) – *Duration: 3 Months*

ME2E+ is used for end-to-end meeting management, handling pre-meeting, during-meeting and post-meeting activities/procedures efficiently through a seamless, secure interface, along with facilitating Corporate Governance!

TaskCentral+(TasC+) – *Duration: 3 Months*

A central system for assigning and monitoring the progress of various tasks across the organization. It is an application created for simplified task creation, delegation and deadline management!

Client Procurement System (CLIPS) – Duration: 3 Months

Internal application used to track the status of purchase order(invoice) across various stages.
