

Shashank Shekher	Phone: - 7619365964
BCA / MCA	Email: - sshekher686@gmail.com

Currently working in GSK Team as Fiori Consultant. Also had worked in several projects like SRM apps (SRM Approval App, Track Shopping Cart, and Create Shopping Cart), Invoice Apps and many business applications. Involved in resolving production problems for the applications and ensure all support Service Level Agreements.

#### Technical Skill:

Operating System	• Windows, ios , Android Platform
Application	• SAP UI5, FIORI
Special Software's	• Standard and Custom UI5 Applications
Workstations/IDE Tools	• Eclipse, Web IDE, SAP GUI, BMC Remedy Tool.

#### SAP UI5/Fiori skill set:

- Exposure on SAP UI5 SDK for building responsive web applications in Eclipse IDE.
- Knowledge on developing client based applications over SAP UI5 using the MVC model.
- Exposure on various controls and layouts for the interfacing of UI5 based applications.
- Implemented Navigation and Router concept for our applications.
- Implemented Router in component controller to navigate between views.
- Enhanced the existing controls using rendering methods to get extreme features.
- Created custom CSS files for overwriting the look and feel of traditional UI5 to match the application.
- Created reusable fragment in both XML and JS methods to use the same control in different views.
- I have worked on JSON, OData models to perform read, delete, and post and update operations in UI5.
- I have created Resource model (i18n) to read resource bundle for Localization method.

#### Assignments:

The details of the various assignments that I have handled are listed here,

<b>Project</b>	GSK Pharma
