Work Experience Details (3 Years 6 & Months of Experience)

PlexiTech Technologies Pvt. Ltd.

Service Engineer
Feb-2015 to Present

- Making wiring harness for systems & GPS Trackers.
- Configuration and Testing of MDT & Temperature Sensor for SCADA system.
- Testing & assembling of Modules like Converter, Finger Print, RFID, & Power Module.
- Testing & Interfacing of One Wire Keypad & Panic Button.
- Testing & Interfacing of Fuel Sensors with GPS Tracker.
- Interfacing of input & output devices with GPS Tracker.
- Testing of Security Cameras.
- Testing & Interfacing of RFID with GPS Trackers.
- PCB & Schematic Designing up to 2 layers.
- Testing of different types of GPS Trackers & analyzing reports.
- Servicing, Assembling of Electronics Circuit Boards.
- Troubleshooting or fault analyzing in systems.
- Preparing report on the different devices or equipment.
- Documentation.
- Remotely support to the field engineers.
- Visiting sites.
- Desktop & Networking Support.

Academic Project Details

- **RFID Based Security System**
 - ✓ The measure components are MCU, RFID Tag, RFID Reader and Actuator Lock.
 - ✓ The every tag has its own serial number, must be encoded into source code or memory.
 - ✓ A user places tag to the reader then input gets compared and actuator lock gets open and close as result.
 - ✓ Finally an authorized user accesses the security.
- **Automatic Soil Irrigation System**
 - ✓ The system is very useful for farmers.
 - ✓ It delivers time to time service as the crops need. It detects water level or moisture in soil and light from the sun then supply calculated water to the farms.
 - ✓ It waters the farm for certain time period and then automatically off.
 - ✓ The watering time period can be adjusted as per farm area and user.

Other Projects, I worked as Developer (Personal Project)

- RF Based Home Appliances Control.
- RF Based Notice Board.
- GSM Based Notice Board.
- Keypad Based Security System.
- 12v Mini UPS for Modems and Routers etc.
- Home Automation (Automatic Light ON/OFF by Human Presence, Doors & Windows status display).
- Robotics Vehicle (Wireless Remote Controlled Robot, Line Following Robot, Automatic Robot Vehicle).
- Digital Dice.
- RTC Based Clock.
- Digital Door Bell System.
- And many more.

Strengths

- Quick learner and good grasping ability
- Lead and work as a team in organized way
- Good time management skill

Extra-Curricular or Hobbies
