-------------------------	---

Industrial Experience:

Project: SAP SE

Client: SAP Labs

SAP India is the fastest growing subsidiary of SAP SE, the world's leading provider of business software solutions.

Projects under SAP Labs:

- DCD (Digital Contract Data) Cockpit- Created UI5/Fiori application, OData and CDS views and design the DCD app for the Sales Executes in SAP LABS.
- DCD Action Index- Designed and Developed UI5/Fiori application, Created OData service to receive data from ML algorithm, OData and CDS views development.

SAP DCD AI

- **Modules** : DCD Action Index
- **Role** : Full Stack Developer
- **Period** : 1 year 9 months
- **Project** : Product development
- **Team Strength** : 4

Object Categories:

- Created the technical architecture for both Backend and Frontend
- Developed OData Service to receive the data from ML algorithm in JSON format and store it in DDIC Table.
- Worked on Custom Fiori application development
- Worked on OData and annotations
- Worked on CDS views
- Created Global classes and Method
- Enhanced structure and Table.

SAP DCD

- **Modules** : DCD Cockpit
- **Role** : Fiori Developer
- **Period** : 1 year 11 months
- **Project** : Product development

- **Team Strength** : 6

Object Categories:

- Worked on Custom Fiori application development
- Worked on OData and annotations
- Worked on CDS views
- Created Global classes and Method
- Enhanced structure and Table.

SAP DCD Archive View

- **Modules** : DCD Archive View
- **Role** : Full Stack Developer
- **Period** : 10 months
- **Project** : Product development
- **Team Strength** : 3

Object Categories:

- Created the technical architecture for both Backend and Frontend
- Developed OData Service to receive the data from ML algorithm in JSON format and store it in DDIC Table.
- Worked on Custom Fiori application development
- Worked on OData and annotations
- Worked on CDS views
- Created Global classes and Method
- Enhanced structure and Table.

Internal Project

- **Modules** : M&A Learning Tracker
- **Role** : Full Stack Developer
- **Period** : 4 months
- **Project** : Product development
- **Team Strength** : 3

Object Categories:

- Worked on Custom Fiori application development
- Worked on OData
- Created Global classes and Method
- Enhanced structure and Table.

Certifications

- SAP Certified Development Associate – SAP Fiori Application Developer (C_FIORDEV_21) in August 2020
- SAP Certified Development Specialist – ABAP for SAP HANA 2.0 (E_HANAAW_16) in September 2020
