

Dear Hiring Manager
Greetings!

I am writing this mail to express my interest in an entry level position in your organization with all my heart.

A brief review of my career working experience will reveal what I can contribute to BIMSRV and CLOVE TECHNOLOGIES PVT LTD: I have 24 years old, finished B.TECH In Civil engineering from Vignana Bharathi Inst of Technology, with a total working experience of 1 year 6 Months, and from 18 Months started working as Bim modeller. While working with my old companies, I have mainly worked on Nagpur metro rail limited project and also worked on various International projects as "Bim Revit Modeller" both on Structural and Architecture having of professional experience in BIM Services and Drafting services for various buildings like Commercial, Residential, Custom Building, Office Buildings, Metro Rail Stations Track Modeling.

I'm convinced that I can provide you with the detailed information needed for you to see what positive contributions. Please go through my CV and if you find any of my skills can serve you well, feel free to contact me to discuss further. Looking forward to hear from you.

Thanks and Rewards
Rajesh Sangam
