OBJECTIVE

"To obtain a creative and challenging opportunity where I can exercise my engineering and interpersonal skills which will enable me with an ability to learn new things and explore future career prospects."

AREA OF EXPOSURE

- Convey concept and providing design direction through effective written and verbal communication.
- Vendor Negotiations
- Project coordination.
- Project planning/execution.
- Making Detailed Project report

SUMMARY

- PGDC in power plant engineering from National Power Training Institute, New Delhi.
- ♣ Strong communication, collaboration & interpersonal skills with proficiency in grasping new technical concept quickly and utilizing them in effective manner.
- Abilities in handling multiple priorities, with a bias for action and a genuine interest in personal and professional development.

SOFTWARE EXPOSURE

- MS VISIO
- MS office
- ♣ SAP

Professional with dynamic experience of 260 MW in solar industry.

Currently working with Azure Power India Pvt limited in SBU-O&M.

Azure Power is an <u>independent power producer</u>, a <u>developer</u> and an operator of utility and commercial scale solar <u>PV power plants</u> headquartered in <u>New Delhi, India</u>. The company was founded in 2008, the company sells energy to government utilities, and independent industrial and commercial customers in India.

PROFESSIONAL EXPOSURE

M/s Azure power India Pvt limited

5th of September 2016 to Present
